Business Profile

Cross-Border Trucking, Warehousing & Distribution Services

<http://www.myseagull.com>

Overview

A Specialized team of highly trained personnel with vast knowledge and experience in logistics industry. Capable in handling cargo inventory for multinational manufacturers that includes factory to warehouse transfer, inter-warehouse transfer, and handling work-in-progress consignment, locally and cross border delivery, assisting in vendor management inventory service. In addition, our lorry depot is located in Port Klang, Bukit Kayu Hitam and Bangkok, the proximity facilitates process integration and service coordination with faster mobilization of trucks/haulers. Aided by specialized handling and moving equipment, multi-functional competencies of the team, we ensure the proper handling of cargo expeditiously and safely.

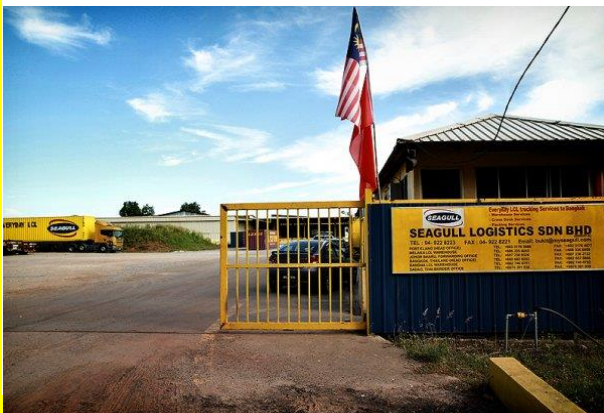

Features of Our Services

The Warehouse Services

- *Our warehouse management team and workforce are experienced in handling large volume inventory and sensitive cargo or a multinational manufacturer.*
 - » *Identifiable & orderly Storage / Put-Away*
 - » *Order Picking (with scanning & accurate tallying)*
 - » *Stuffing & Unstuffing of Containers / Trucks*
 - » *Receiving & Delivering of Goods*
 - » *Inventory Management Services, i.e. control, reports & regular stock takes*

- *We can assist in future reduction of overall logistics hidden costs and also in improving the total cycle time of your cargo transfer or movements.*

- *We are recognised for our ability to manage customers in-house warehouse (managing 100,000 to 300,000 square foot warehouse - CRT, Compressors and LCD TV Air-cond. Component parts & other electrical items, and beddings/furniture)*

The Distribution Services

- *Our fleet of trucks and KA hauliers operates throughout the peninsula with greater frequency on the route between the Central region to / from Southern / Northern region. Our rates are very competitive, we can arrange it according to per trip load or on consolidation basis, whichever suits your requirements.*
- *Our trucks are available for dedicated charter on a daily booking or a monthly basis to suit your requirement*
- *Our Drivers are equipped with mobile phones to ensure better communication and coordination. They are very experienced and dedicated in handling various types of cargo distributions.*

Insurance Coverage

- *We have sufficient insurance coverage to cover against Fire, Warehousemen and Bailee liability in the event of loss and damage to your cargos due to negligence on our part.*

Security

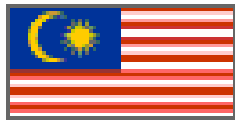

- *Cargo Security is one of our key features. We provide 24 hours security surveillance on our warehouse. Our trucks are installed with GPS (Global Positioning System) tracking system that allows tracking of truck movements via internet. We can keep tabs on all delivery movements so that at any time, we know the exact status of time and location of each truck that leaves from your premises / our warehouse until it arrives at the final destination. After a few trips we shall be able to advise you on the standard delivery cycle-time.*
